Intelligent Audio Products/PlanterSpeakers

540 Barnum Avenue
Bldg. 2 / 1st Floor
Bridgeport, CT 06608

(914) 939-9155

Orders can be placed by sending your purchase order to: **orders@planterspeakers.com**

Most of our new products require additional lead time. While we try to keep standard configurations in stock there may be instances where delivery times are longer than normal. Most special models: 90, 180, stereo and custom finishes are built to order and may take up to two weeks to ship. Please email us at **contact@planterspeakers.com** for current stock status and estimated delivery dates.

Intelligent Audio Products is the new parent company of PlanterSpeakers. We will be releasing new products under both brand names. Our phone number and address are the same.

New Product - The Pedestal

Intelligent Audio Products introduces the Pedestal, an indoor Sonos/Heos friendly audio solution. Available in black or white with 8" or 10" woofers.

New Product- The Metropolitan

Meet the Met! A modern, weather resistant speaker with the same great sound as our Flagstone. Custom colors are available.

New Product - The North Dakota

Our North Dakota is a three-way speaker is made with North American cedar and produces deep bass, flowing midranges and transparent highs.

New Product - The SonoBox

Sonobox is a portable, wireless, indoor/outdoor stereo speaker with reflective sound projection powered by an onboard Sonos amplifier.

What does it mean?

Most of our front-firing speakers are available in more than just the standard front firing configuration.

Example 1: *You have a large patio that leads to a pool. You could place a pair of Flagstone 180's between the pool and patio. With drivers on opposite sides of the cabinet (180°) you can cover both areas from a single pair of speakers.*

Example 2: *You are trying to cover a patio that wraps around the corner of a house. A Southamton stereo 90 can send sound in both directions. Matched up with a standard pair of Southamtons you can completely fill both sides from three speakers.*

We build models that will project sound from two, three or even four sides - covering large or complicated areas from a single enclosure. Both mono and stereo versions are available.

**NOTE - due to cabinet and speaker limitations, not all models are available in all configurations. See each product for available options.*

The Pedestal

THE PEDESTAL

is our new line of stereo indoor speakers that can either be powered by an onboard - hidden from view - Sonos or Heos amplifier (not included). Intelligent Audio Products brings amazing sound to living spaces without the need to run wires or hang or position speaker boxes! The Pedestal is available in museum white or black lacquer with custom colors available. It blends into a variety of decorating motifs, and is the perfect support for sculpture, flowers and plants. The Pedestal features deep bass, crisp highs and lush mid-range sounds that float from an architectural structure that beautifully enhances home design.

The Pedestal is built to order. Please allow two weeks for construction.

Specifications:

Dimensions: Pedestal 10: 12"W x12"D x 39"H
 Drivers: 1" Audax tweeter, 4" mid-range, Eminence 10" woofer
 Frequency response: 40Hz to 18kHz
 Power handling: 150 watts RMS
 Impedance: 8 ohms
 Recommended amplifier: 150-250 watts RMS (at 8 ohms)
 Sensitivity: 89 db
 Custom colors are available. Call.

The North Dakota

NORTH DAKOTA ↑

is the latest PlanterSpeaker and features the same great sound as the best in the PlanterSpeakers product line. This three-way speaker is made with North American cedar and produces deep bass, flowing midranges and transparent highs. And, like all PlanterSpeakers, the North Dakota’s sound seems to emanate from thin air - invisible to the eye and music to your ears – includes Smart Pot drainage for live flowers and plants. A pair of North Dakota’s can cover an area of up to 1,000 sq. feet.

The North Dakota is built to order. Please allow two weeks for construction.

Specifications:

- Dimensions: 22”W x 22”D x 24”H
- Drivers: 1” Audax tweeter, 4” mid-range, Eminence 10” woofer
- Frequency response: 40Hz to 18kHz
- Power handling: 150 watts RMS
- Impedance: 8 ohms
- Recommended amplifier: 150-250 watts RMS (at 8 ohms)
- Sensitivity: 89 db

PlanterSpeaker Model	Suggested Retail
Impedance: 8 ohms North Dakota	\$4,950.00 pair
Add 3-5 days / Impedance: 8 ohms North Dakota 90° or 180° sound	\$5,695.00 pair
Add 3-5 days / Impedance: 8 ohms North Dakota 90° or 180° stereo sound	\$3,220.00 each

The SonoBox

SONOBOX is a portable, wireless, indoor/outdoor stereo speaker with reflective sound projection powered by an onboard Sonos amplifier (not included). It features a custom rear and side firing speaker system with four 1" soft fabric dome tweeters and two 4" mid-ranges, plus a rear firing 8" dual voice coil woofer for great bass. The fully weatherproof Sonobox fills either rooms or outdoor spaces with full, rich sound.

Specifications:

- Dimensions: 16"W x 10"D x 20"H
- Drivers: 1" tweeter, 4" mid-range, Eminence 8" DVC woofer
- Frequency response: 40Hz to 18kHz
- Power handling: 150 watts RMS
- Impedance: 4 ohms
- Recommended amplifier: 150-250 watts RMS (at 8 ohms)
- Sensitivity: 89 db

The Metropolitan

THE METROPOLITAN brings the great sound of our Flagstone series of outdoor speakers to a modern, weather resistant design. With it's clean lines and custom colors, the Metropolitan will blend seamlessly into most outdoor projects. Like our other PlanterSpeaker products, live plants will thrive in its deep planter space. We included a drainage tube and Smart Pots soft bags for planting inside the speaker.

The Metropolitan is built to order. Please allow two weeks for construction.

Specifications:

- Dimensions:
Metropolitan: 17" W x 17" D x 30" H
- Drivers: 1" Audax tweeter, 4" Audax mid-range, Eminence 10" woofer
- Frequency response: 40Hz to 18kHz
- Power handling: 150 watts RMS
- Impedance: 8 ohms
- Recommended amplifier: 150-200 watts RMS (at 8 ohms)
- Sensitivity: 89 db
- Custom configurations are available.
- A pair of Metropolitans can cover an area of up to 1,000 sq. feet

The standard color is white, other colors are available. Contact us for details.

	PlanterSpeaker Model	Suggested Retail
Impedance: 8 ohms	Metropolitan	\$4,250.00 pair
Add 3-5 days / Impedance: 8 ohms	Metropolitan 90° or 180° sound	\$4,887.50 pair
Add 3-5 days / Impedance: 8 ohms	Metropolitan 90° or 180° stereo sound	\$2,765.00 each

The Piermont

THE PIERMONT is a modern slatted teak PlanterSpeaker designed for the outdoors. The finely tuned enclosure and premium components give the Piermonts a rich sound usually reserved for boutique speakers. Live plants will thrive in its deep planter space. We included a drainage tube and Smart Pots soft bags for planting inside the speaker.

The Piermont is built to order. Please allow two weeks for construction.

Specifications:

Dimensions:

Piermont 17: 17" W x 17" D x 30" H

Piermont 21: 21" W x 21" D x 30" H

Piermont 21-s: 21" W x 21" D x 22" H

Drivers: 1" Audax tweeter, 4" Audax mid-range, Eminence 10" woofer

Flagstone Series

The worlds best outdoor residential speaker. The sound is full and balanced, even at low listening levels. The lower portion holds the front firing tweeter, mid-range, crossover and down-firing woofer. The upper portion holds live or artificial plants, for which drainage is provided. All speaker components are concealed from view. The Flagstone is fully weatherized and comes with a removable Smart Pot for use with live or artificial plants. Our Flagstone enclosures are made in the US from UV rated industrial grade poly resin.

The Flagstone is also available as a planter only.

Flagstone PlanterSpeaker - specifications:

Dimensions: 22" W x 22" D x 23-1/4" H
 Drivers: 1" Audax tweeter, 4" Audax mid-range, Eminence 10" woofer
 Frequency response: 40Hz to 18kHz
 Power handling: 150 watts RMS
 Impedance: 8 ohms
 Recommended amplifier: 150-250 watts RMS (at 8 ohms)
 Sensitivity: 89 db
